LET'S **STOP** THE SPREAD

Stay at home to stop Coronavirus spreading that also means avoiding hospitals and clinics

To restrict contact, visitation will be cancelled, non-urgent operations will be postponed or cancelled. Patients on chronic medication will be given two month's supply where possible.

Patients who need to seek emergency life-saving care, family planning service and antenatal care can attend their facility as well as those who have had their appointments confirmed.

If you are not sure when to seek medical care, call
021 928 4102
