

Zikhusele kwCOVID-19 kwindawo yenu yokunqula/yokukhonza

iCOVID-19 ingasasazeka lula kwindawo yokunqula

- Xa umntu oneCOVID-19 ephefumla, ethetha, ecula, ekhohlela okanye ebamba izinto, ushiya icoronavayirasi kwimiphezulu nakwizinto abezibambile nasemoyeni.
- Ungayifumana icoronavayirasi ukuba usondelelene kakhulu nomntu onayo, okanye ukuba ubamba lemphezulu ebeyibambile uze ubambe amehlo akho, impumlo okanye umlomo

Hlala ekhaya ukuba:

- Uneempawu ekunokwenzeka ukuba yiCOVID-19 - (ukukhohlela, ifiva, umqala obuhlungu, okanye ukutshintsha kwendlela yakho yokuva ivumba nencasa)
- Usemngciphekweni omkhulu wokususlelwa yiCOVID-19 (ukwiminyaka engaphaya kwama-55 okanye unesigulo esinganyangekiyo, ingakumbi isifo seswekile).

Masenze imithetho yococeko

- Khohlelela okanye uthimlele engqinibeni yakho.
- Musa ukubamba umlomo wakho, impumlo, okanye amehlo ngezandla ezingahlanjwanga.

Nxiba imaskhi yelaphu

- Imaskhi kufuneka igqume umlomo, impumlo nesilevu sakho.
- Musa ukuyipuca-puca imaskhi ngeli xesha uyinxibile.
- Musa ukunxiba ivisor endaweni yemaskhi.

Zigcine ucocekile ungenayo icoronavayirasi

- Hlamba izandla zakho okanye usebenzise isanithayiza qho.
- Musa ukubamba imiphezulu nezinto ezibanjwa kakhulu ngezandla.
- Yiza nezinto zakho zokukhonza ezifana neemethi zokuguqa xa uthandaza, okanye amaculo.

Gcina umgama oyi-1,5 mitha phakathi kwakho nabanye abantu

- Hlala kwindawo ehleli usapho lwakho.
- Musani ukube nibambe imihlangano emva kwenkonzo.
- Musa ukuphuza, ukwanga nokuxhawula isandla.

Nabanina anganayo iCOVID-19. Masibe nobuntu omnye komnye – Sikule into sonke.
